

MAINTENANCE:

Use a soft, lint - free cloth to clean the metal frame.

**UNDER NO CIRCUMSTANCES
SHOULD METAL POLISHES, CLEANERS,
ABRASIVES OR AEROSOL SPRAYS
BE USED.**

While the latest finishing techniques have been used on the metal frame, such finish cannot be unconditionally guaranteed. The main cause of deterioration, apart from certain atmospheric conditions, is improper cleaning.

To clean the crystals, polish with a damp chamois.

You are cleaning delicate jewelry... Take the greatest care.

IMPORTANT:

Do not clean crystals in a dishwasher. The finish of the metal clips and hangers will be ruined and the crystals may be damaged.
